

Project report on “Open library for all”

Libraries store the energy that fuels the imagination. They open up windows to the world and inspire us to explore and achieve, and contribute to improving our quality of life – Sidney Sheldon.

The public library is a community cornerstone. While technology is drastically changing our day-to-day, making us less reliant on print, we believe there is still a place for the library.

Star Wellness & Care Foundation joined hands with South Delhi Municipal Corporation, West zone to set up an open library at Bindra Park in Rajouri Garden for general public on 15th September`21. This is a well maintained public park of the west District area. It gives a good place for local residents like Senior citizens, Children, Women and men, who would like to do some exercises, relax and get connected to nature.

The Inaugural ceremony marked the gracious presence of Chief Guest Sh. Subhash Arya, Former Mayor, South Delhi, Mr. B.K. Oberoi, Chairman, Standing Committee, Rajouri Garden Ward, Ms. Shweta Saini, Chairperson,

South Delhi Municipal Corporation, West Zone, Mr. Rahul Singh IAS, Deputy Commissioner, South DMC, West Zone, Mr. Sameer Bhati, Founder, Star Foundation, Members of RWAs and teachers from various Schools. This library serves as a center for discovery and communication- a space to congregate, to teach and to learn. Our aim is to extend mission beyond knowledge storage to a central public place and destination for the surrounding community.

It is decked up with story books for children, other books on spiritual learnings, Indian history, current affairs and much more. Strollers enjoy not only the greenery, herb garden, pleasant temperatures but also reading daily newspapers, good books and hanging out with friends and passers-by. The library will be open from 7.00 a.m to 6.00 p.m to general public.
